

Stairways, Walkways, and Landings

A permit is required from the Chippewa County Zoning Department with the following restrictions:

- Must be supported on piles or footings rather than being excavated from erodible soils
- Canopies, roofs, benches and latticework on such structures are prohibited
- Landings Requirements
 - ⇒ Each single landing may not exceed 64 square feet
 - ⇒ Combined area of all landings may not exceed 128 square feet per buildable lot
 - ⇒ Landings cannot be adjacent and they must be separated by at least 10 vertical feet

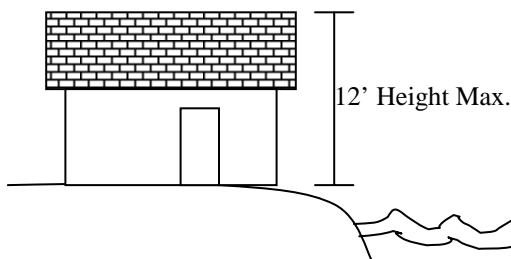

Boathouses

A permit is required from the Chippewa County Zoning Dept. with the following restrictions:

- Boathouses must be designed, constructed, and used solely for the storage of boats and/or related equipment and not for human habitation.
- Boathouses must be setback a minimum of 2 feet from the ordinary high-water mark.
- Maximum height and floor area. Roof must be a gable design.
 - ⇒ Boathouse floor to roof peak can not exceed 12 feet
 - ⇒ Floor area limited to 500 square feet
- Boathouses must be located within the 30 foot viewing corridor.
- Any excavation necessary for the construction of the boathouse requires a Grading/Filling permit in addition to the boathouse permit. (Note: Slopes >35% requires additional review)
