Red Oak logs			122
Ash logs			7
White Oak logs			8
Mixed Hardwood logs			17

Please Note: Bid prices for Cordwood shall be listed in tons.

Sale Area Description: (Please see the sale map on the back of this page)

The boundaries of this sale are marked by a red paint line. The boundary between County and private land is marked by a blue paint line. The patch clear cuts are marked by a purple paint line. The objective of this management is to promote oak using a combination of individual tree selection and patch clear cuts. The terrain consists of well-drained hills with numerous wetland areas. There is a good system of existing woods roads and historic skid routes.

Cutting Requirements:

Cut all trees marked with orange paint throughout the timber sale area. Cut all trees within the patch clear cut areas, except conifers, snags, and oak saplings. Do not cut sale boundary trees (red, yellow, or purple paint). **Do not cut or damage any conifers.**

Special Conditions:

- **Oak wilt and wildlife species restrictions apply. Harvest activity is prohibited between April 15 and July 31.**
- *Leave all snags (dead trees) unless they present a safety hazard. Use caution to limit the disturbance of Course Woody Debris (CWD) on the forest floor. (ie) down logs greater than 12 inches in diameter.*
- All hardwood logs, (except aspen) 10" or larger on the small end will be charged at the appropriate saw log stumpage rate.
- The County must approve all landings.
- There are wetlands located within the sale area– a 15' buffer around these wetlands is designated as Riparian Management Zone (RMZ) and are identified by yellow paint. No equipment operation is allowed within the Riparian Management Zones.
- There are small stream channels within the sale area – The County must approve all stream crossing locations. Best Management Practices for Water Quality, as described in DNR Publication PUB-FR-093 2010 will be required.
- No harvesting activity will be allowed if rutting occurs. Skid routes may require grading when complete.
- All logging debris must remain within the sale boundaries and kept from wetlands, lakes and trails.
- All haul roads must be graded to the satisfaction of the County when operations are complete.
- The contract length is approximately 2.5 years, the expiration date will be January 1, 2021.

Map is included on the following page.
