

HAY MEADOW HORSE TRAILS

The Chippewa Valley Trail Riders (CVTR) and the Chippewa County Dept. of Land Conservation & Forest Mgmt. welcome you to enjoy ~ 20 miles of equestrian trail. CVTR members have developed and maintain the trail network and trailheads.

There are two trailheads with gravel parking, toilet facilities, fire pits, & tie lines. Hay Meadow #2 is located ~1/2 mile north of 225th Ave on the Hay Meadow Trail forest road. Hay Meadow #3 is located ~one mile north of #2 on the east side of Hay Meadow Trail forest road. No potable water is available on-site.

The Chippewa County Forest is certified to be sustainably managed by the Forest Stewardship Council. Among other things, this certification requires scientific and professional forestry practice and control of erosion, sedimentation, and compaction from forestry operations and recreational trail use.

The CVTR and Property Managers hope you enjoy your time spent on the trail.

- * Please respect all natural resources.
- * Pack out what you bring in.
- * Be courteous to others. Be aware that a few trails intersect mountain bike trails.
- * Respectful communication between users is key to safety and enjoyment.

Located between Bloomer and Cornell, WI

From State Hwy 64: North on Cty E, first left onto 180th St. —follow for ~2.9 miles. Turn north (right) onto Hay Meadow Trail Forest Road to trailheads.

Donations appreciated. Please use secure donation box at trailhead.
