## PERMIT APPLICATION TO OPERATE A MOBILE RESTAURANT / MOBILE SERVICE BASE

Completion of this form is voluntary, however, in order to receive a permit you must complete the form. To receive a permit send the completed application and fee(s), check or money order, payable to the Department of Health Services. Incomplete information may delay processing your application. For complete mailing address, see reverse side of this form. **Type or Print Only**

**NOTE:** The permit year is from **July 1st** to the following **June 30th**. All permits expire on June 30th annually. A penalty fee of \$85 applies to renewal applications received after June 30th. Operation in any fiscal year requires a permit. All mobile restaurants, mobile service bases and commissaries not licensed during the previous year must be inspected before opening for business. Only one preinspection fee is required if all mobile units are available for inspection at the base during the preinspection. A signed and dated report by an authorized sanitarian indicating that the establishment meets the State Division of Public Health regulations is required before the permit can be issued. If a mobile service base is located in a different jurisdiction than the mobile restaurant, the operator of the mobile restaurant must first apply for a permit for the mobile service base in this different jurisdiction.

Licensure as a mobile restaurant does **NOT** exempt an operator from licensure as a temporary restaurant operator.
