

**AN UPDATED LISTING OF CHANGES MADE TO RECTIFY ERRORS OF
OMISSIONS AND INCONSISTENCIES BETWEEN THE PLAN TEXT AND TABLES
CONTAINED IN THE PUBLIC HEARING DRAFT OF THE
CHIPPEWA COUNTY LAND & WATER RESOURCE MANAGEMENT PLAN**

1. Page 43 – Goal 1, Objective 4

Made change to Objective 4 and Action 1 to clarify purpose. Changes shown as strikeouts and highlights.

Objective 4

Develop and administer recycling and solid waste management programs that reduce, reuse, and ensure the proper disposal of waste materials ~~and maintain the county's role as Responsible Unit Coordinator for municipalities.~~

Action 1

Maintain the county's role as Responsible Unit Coordinator for municipalities.
~~Maintain the Chippewa County Household Recycling Revenue Sharing Program to identify cost effective and efficient service delivery options from the private sector.~~

2. Page 45 – Goal 2, Objective 1

Made change to Objective 1 to add Action 4 to coincide with an activity included in Table 6. Changes shown as highlights.

Objective 1

Actively support the economic viability and sustainability of existing agricultural operations, the local agricultural economy, and rural communities.

Action 4

Develop and implement pilot project(s) to evaluate emerging technology that can be applied to optimize inputs, limit environmental concerns, and sustain crop production (irrigated and non-irrigated).

3. Page 47 – Goal 2, Objective 5

Made change to Objective 5 to clarify purpose, and to coincide with an activity included in Table 6. Changes shown as highlights.

Objective 5

Support the efforts of major farm and forestry organizations and public agencies to develop and pursue market-based mechanisms to sequester carbon and increase soil organic matter, **improve water quality, and mitigate climate change, as part of ongoing agricultural and forestry operations, including efforts to compile, market, and monitor carbon **or water quality** credits.**

*4. Page 52 – Goal 3, Objective 2 – Lake & Flowage Management

Made change to Objective 2 to clarify purpose, and to coincide with an activity included in Table 6. Changes shown as strikeouts and highlights.

Objective 2

With WDNR and interested lake organizations, design, implement, and maintain a county-based lake water quality program, supported by citizen science volunteers; ~~and database,~~ and to use using remote sensing technology to monitor changes over time.

5. Page 54 – Goal 4, Objective 1

Made change to Objective 1, Action 1 to clarify purpose, and to coincide with an activity included in Table 6. Changes shown as highlights.

Objective 1

Administer the NR 151 agricultural nonpoint source pollution control performance standards on a county-wide basis, using authority of Wisconsin Stats. 59, 92, 281, and Administrative Rules NR 115, NR 243, NR 151, and ATCP 50.

Action 1

Assess interest on behalf of the major farm organizations to implement an educational outreach project to inform agricultural producers, rural landowners, and the general public about agriculture and the agricultural performance standards, and the county's program to administer them.

*6. Page 77, Section 9.71 State and County Standards

Made changes to Item 2 to clarify purpose. Changes shown as highlights.

2. Retain the previously adopted Chippewa County storm water and non-metallic mine reclamation standards for use in select applications where storm water quantity, quality, and flood control are identified as management issues of local concern.

*7. Added Table 7 to the plan to specify benchmark product deliverables to be used to track progress toward implementation.

*8. Added Table 8 to the plan to project anticipated costs of major initiatives or planned activities.

*9. Update photos and add Mission Statement to title page.

* Updates from 3/11/19 listing
