

CHIPPEWA COUNTY TIMBER SALE TRACT 6-19

Birch Creek Flowage Aspen

Located in Section 22 T32N R7W Town of Birch Creek

Total Sale Area: (approximately 12 acres)

The table below contains an estimate of the amount of each species/product. There is no minimum bid for each species; however **the total minimum bid that is acceptable for Tract 6-19 is \$ 12,966.**

Species	Amount	
	tons	MBF
Aspen Cordwood (4500 lbs per cord)	567	
Mixed Hardwood Cordwood (4600 lbs per cord)	276	
Note: A small volume of sawlogs is anticipated that will be stick-scaled prior to hauling and billed at Mixed Hardwood Cordwood rate/ton.		

Sale Area Description:

The objective of the proposed forest management is to remove most of the overstory and regenerate aspen using vegetative reproduction (root suckering). This site is highly visible and provides an opportunity to demonstrate high-quality, professional timber harvest operations to interested members of the public. The Birch Creek Flowage #2 culvert is planned for replacement in late-Fall of 2019, Culvert replacement will result in straightening of the road.

Cutting Requirements:

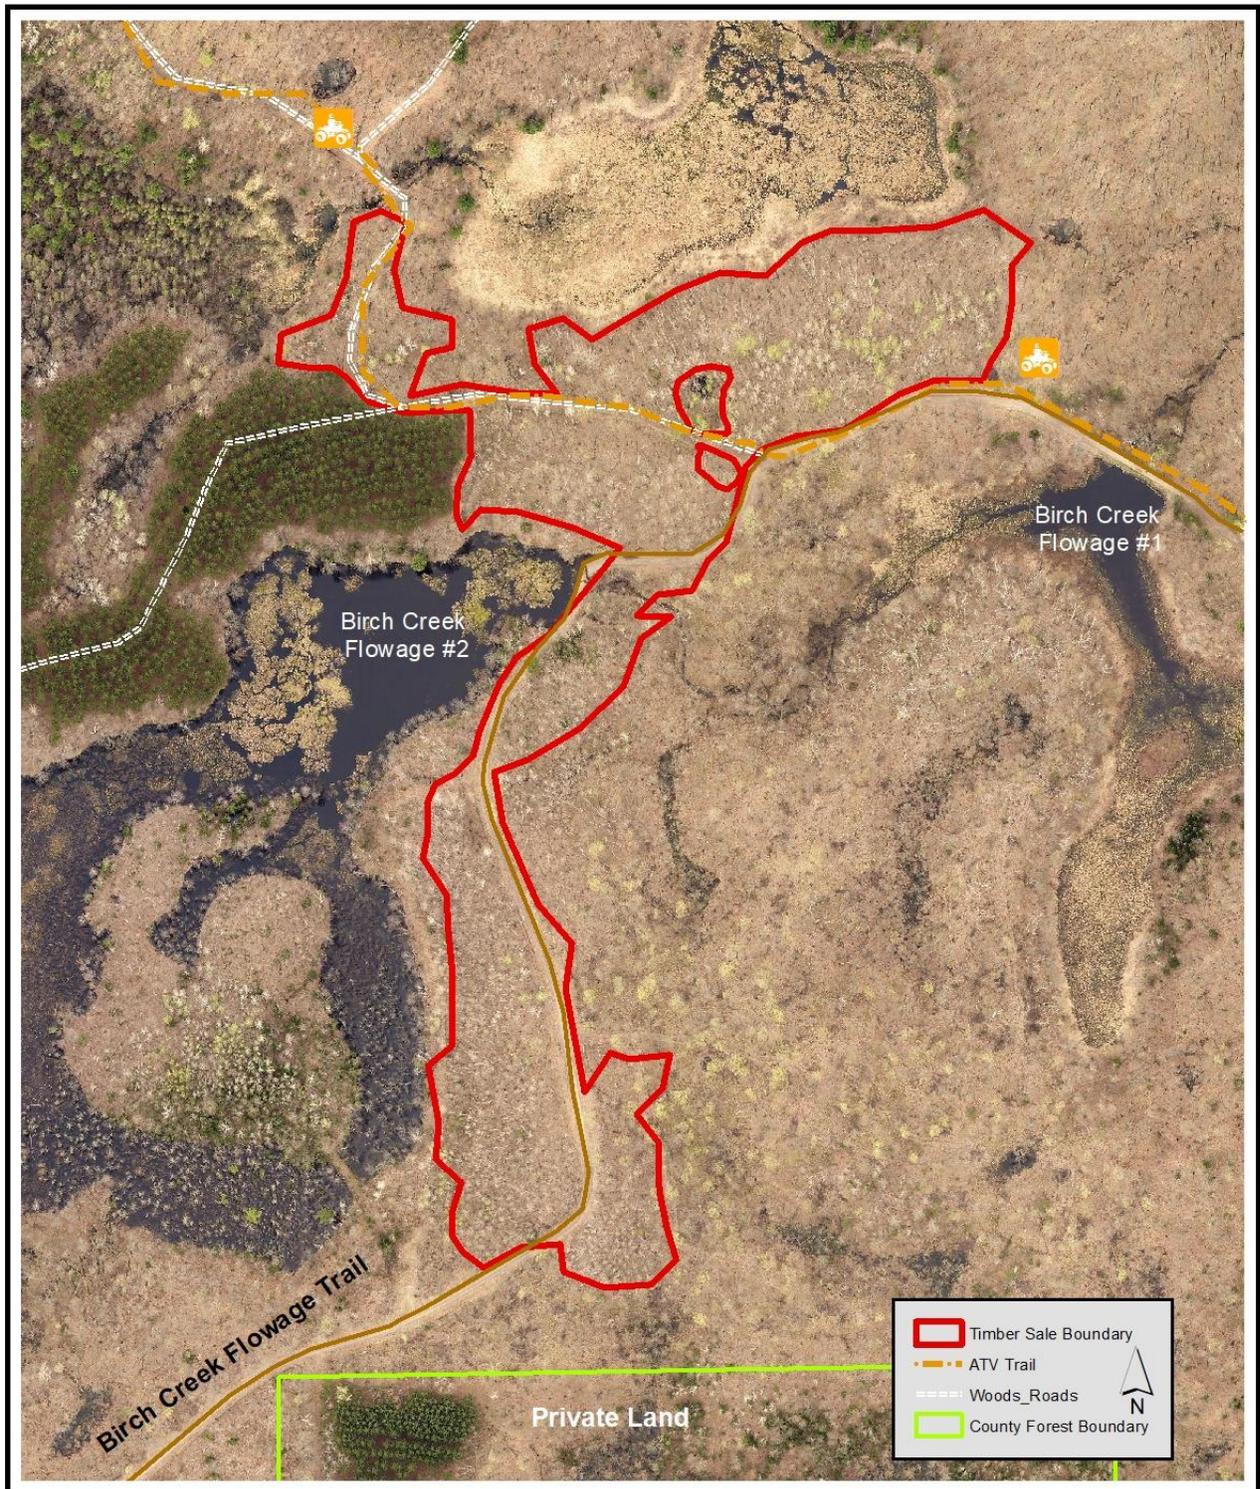

Cut all trees one inch in diameter and larger. **Do not** cut any trees marked with paint or conifers. The boundaries of the sale are marked with red paint. Purple paint is used to identify "leave trees".

Special Conditions:

- No harvesting activity will be allowed if rutting occurs.
- The site contains the County Forest ATV/UTV Trail, which will remain open during sale operation. Decking along the ATV Trail is allowed, provided that the trail remains passable. The County will be responsible for signage.
- Leave all snags (dead trees) unless they present a safety hazard. Use caution to limit the disturbance of Course Woody Debris (CWD) on the forest floor. (ie) down logs greater than 12 inches in diameter.
- All landing locations must be approved by the County.
- All hardwood logs, (except aspen) 10" or larger on the small end will be charged at the appropriate saw log stumpage rate.
- All slash must be lopped and scattered to lie within two feet of the ground. All slash and logging debris must remain within the sale boundaries and kept from wetlands and trails.
- The contract length is approximately 2.0 years.
