Sale Area Description:

The boundaries of this sale are marked with red paint lines. There are ~ 11 acres of Northern Hardwood selection harvest ~27 acres of Aspen regeneration harvest and ~15 acres of Swamp Hardwoods clear cut.

Cutting Requirements:

Across all stands included in this sale all Aspen >1" and all merchantable Ash, Fir and Spruce (>5") are designated to be harvested.

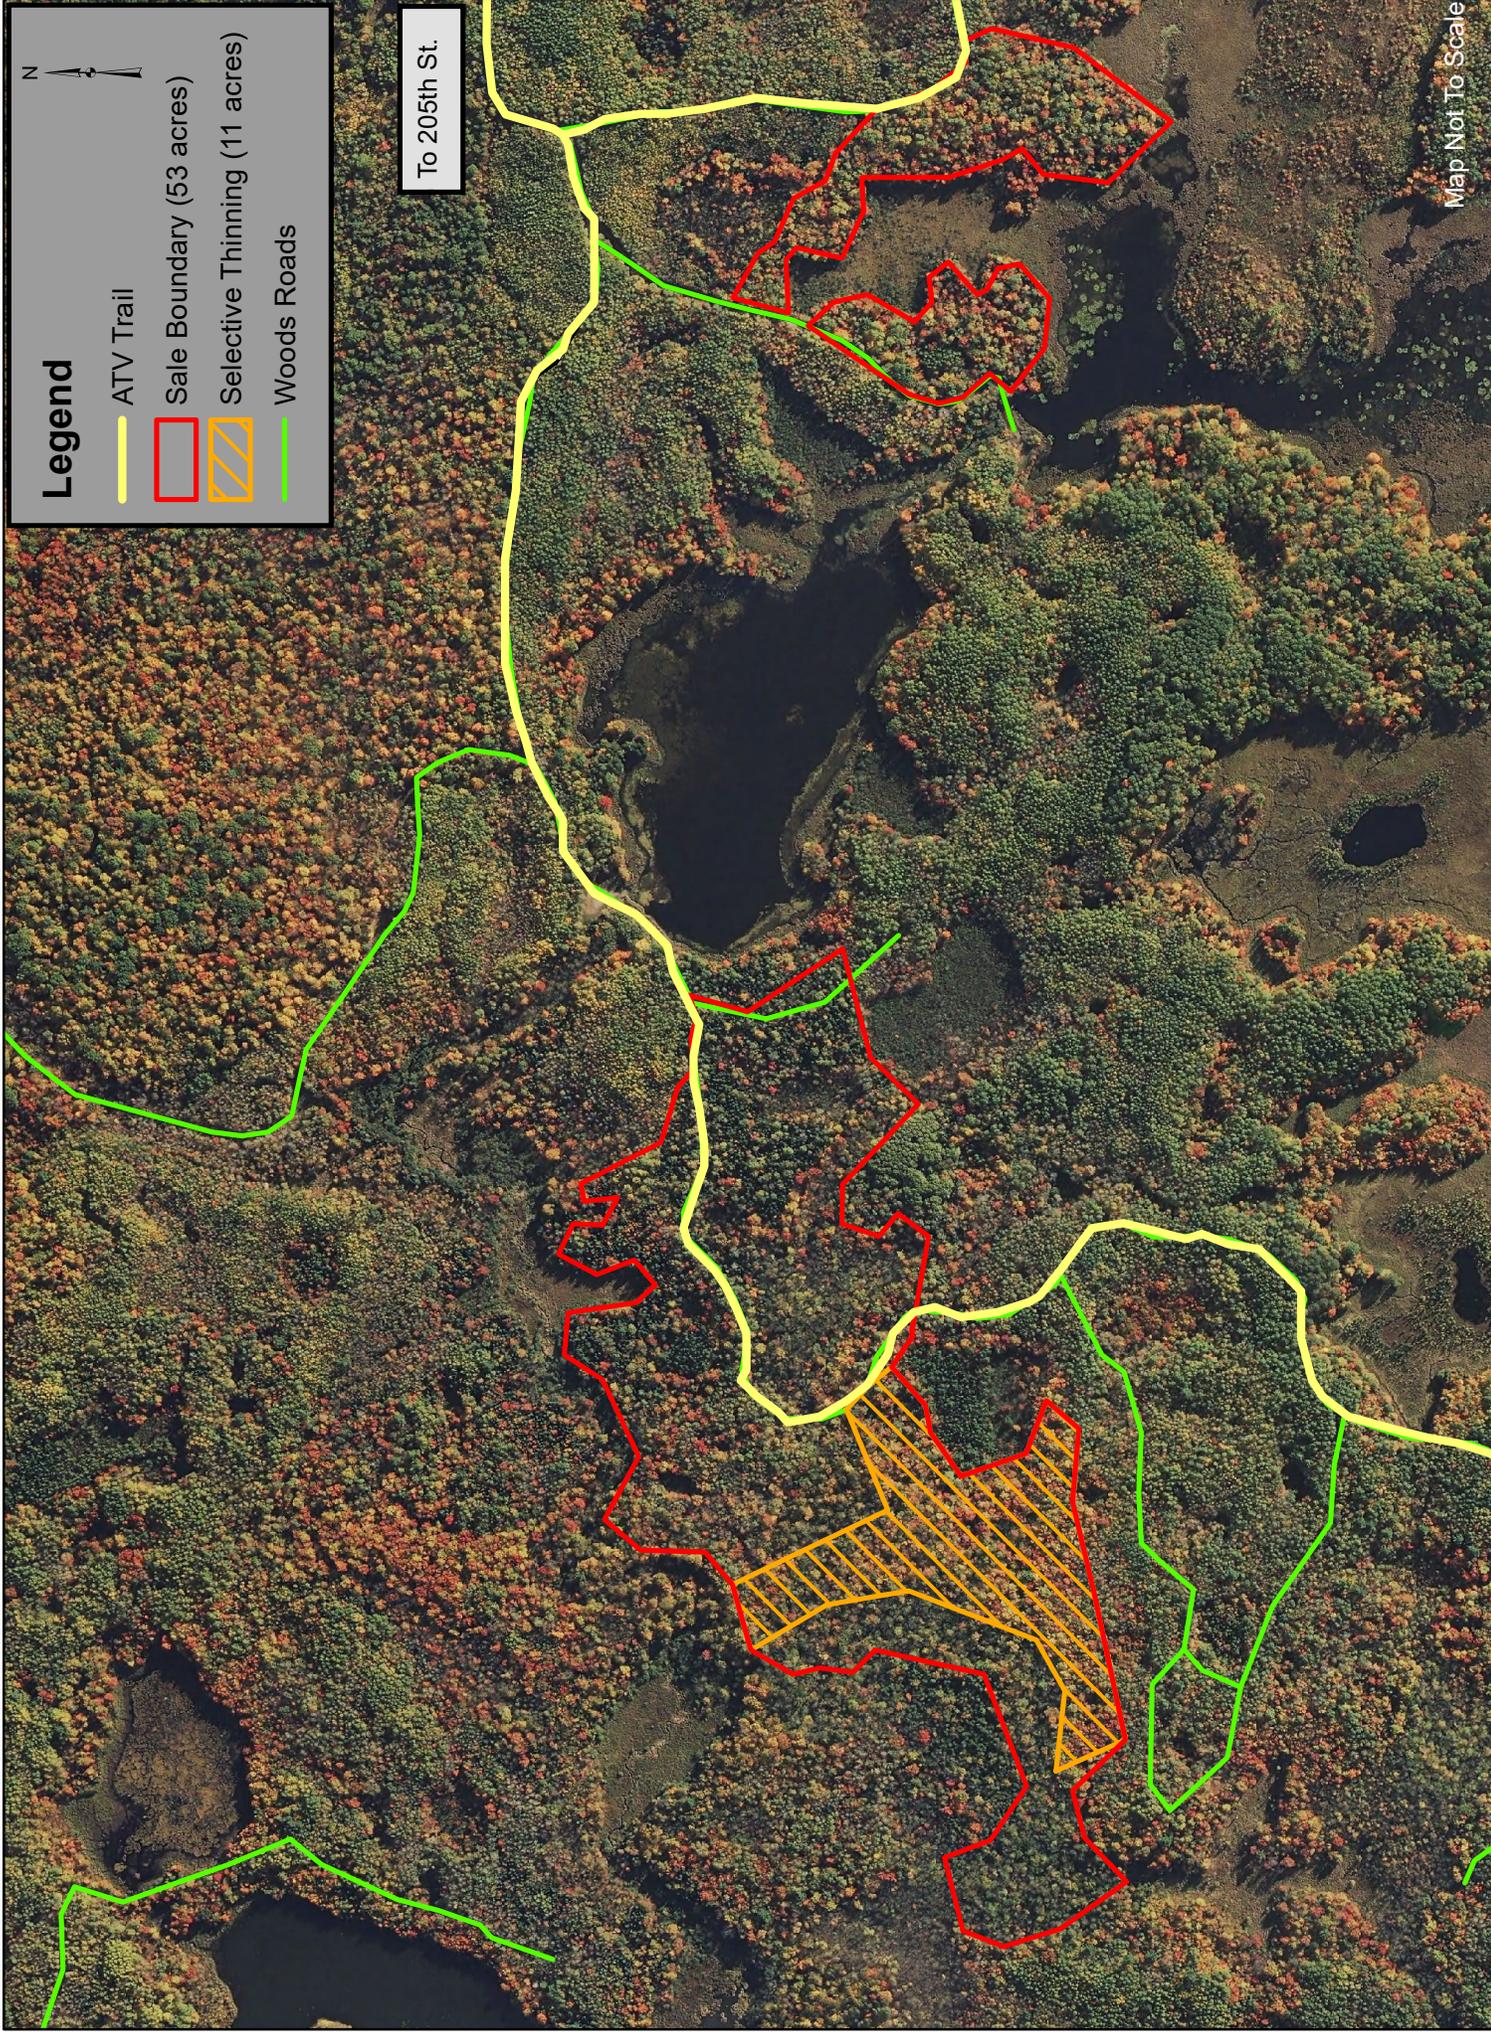

Clear Cut Area: (42 acres) Cut all trees one inch in diameter and larger. Do not cut any boundary trees, oak less than 10" in diameter, or white pine.

Selection Harvest Area: (11 acres) Cut all Ash, Aspen, White Birch, and all trees marked with orange paint, including non-commercial trees marked with orange paint. Do not cut sale boundary trees (red paint).

Special Conditions:

- **Harvest activity is permitted only when frozen ground conditions exist.**
- The contract length is approximately 2.5 years. In the event that the 2020-2021 and 2021-2022 winters are conducive to operation within these timber stands (as determined by the County), contract extension penalties may apply.
- All logging debris must remain within the sale boundaries and kept from trails.
- All landing locations must be approved. All merchantable timber that is removed along landings or skid trails must be utilized and accounted for through mill slips or log scales.
- *Leave all snags (dead trees) unless they present a safety hazard. Use caution to limit the disturbance of Course Woody Debris (CWD) on the forest floor. (ie) down logs greater than 12 inches in diameter.*
- All hardwood logs, (except aspen) 10" or larger on the small end will be charged at the appropriate saw log stumpage rate.
